## DAVENPORT & NASH,

HAVE the pleasure of again announcing to the Public that they have leased  
for a series of years, the works of the MIDDLEBURY MANUFACTURING COMPANY together with the works formerly owned by A. Bunkerford,  
which enables them to add to these already extensive works all the IMPROVEMENTS OF THE DAY for the manufacturing of a large variety of Woolen  
Goods. They are now building at a great expense a

## BLUE VAT,

For the purpose of giving permanent color to their cloths, and of furnishing  
to Farmer and Mechanic the real

## Indigo Blue Cloths and Cassimeres,

which they will at all times be found at their works. Their oil customers  
and others who may favor us with a call, will always find on hand a greater  
variety, and better assortment of

## Cloths, Cassimeres, Tweeds, Flannels, &c.,

than they have ever yet been able to offer, which they will as heretofore continue  
to do.

## TO EXCHANGE FOR WOOL,

Those having WOOL TO BE MANUFACTURED, may be assured that the same  
will be done in the best manner and on the most favorable terms.

They are prepared to offer strong inducements to Merchants, Merchant Tailors  
and others wishing to purchase their styles of goods.

To their liberal patrons, both at home and abroad, they tender their most  
hearty thanks for past favors, and hope that the expense which they are now in-  
curring for their benefit, will at least insure a continuance of patronage.

They are now paying Cash for FLEECE WOOL.

## CONSUMPTION

CURED DAILY

### BY DR. HASTINGS'

### Compound Syrup of Naphtha

THE MEDICAL FACULTY, as well as the public,  
are struck with wonder at the numerous  
cures made daily by this extraordinary medicine,  
and it is now acknowledged by most of our most  
eminent physicians to be a certain and speedy cure  
for Conqueror Consumption, its worst stages. It  
is also known to be of great service in Consumption,  
Dr. Mott, and is constantly used in the Marine Hos-  
pital at Savannah, Ga., by Dr. Arnold, the Senior  
Physician of the Hospital. The London Lancet,  
London Medical Journal, Brewster's Retrospect,  
and all other of the London Medical Journals  
have spoken many times in praise of this sur-  
prising effects of Dr. Hastings' Syrup. It has  
been thoroughly tried, not only in the Hospital  
and the hands of Dr. Hastings in London, but also  
by all the first physicians of England, and all  
have fully endorsed it as an unrivaled remedy in  
Consumption and all other diseases of the Lungs.

The following are a few of the opinions expressed  
by the Medical Faculty of England. Dr. Williams  
of Manchester, observes:

"Under your care I have seen the emaciated  
being, whose whole Death had seemed to have  
set him at rest, require invigoration and strength; and  
exhume his early morning of intense suffering and distressing cough, for calm repose which alone  
conquered sound sleep."

Dr. Ware, of Liverpool, says: "I regard Hastings' Syrup of Naphtha as one of the first medical  
discoveries of ages, and a most important  
cure in Consumption, as established beyond all doubt  
or question." Dr. Board of Lancaster, "Calls it as  
the great consumptive antidote and cure;" and  
Dr. Headon, of Bath, pronounces it "the only  
remedy which may be relied on for removing Tuber-  
culosis from the Lungs, and preventing formation  
of others."

A single bottle will prove its efficacy. All the  
proper tests is the trial of a bottle, the action of  
which will prove to the patient the virtue of this  
medicine.

Coughs, colds, bronchitis, decline, asthma, night-  
sweats and spitting of blood, are cured in a surpris-  
ingly short space of time; the severest colds have  
yielded to the treatment of the Naphtha Syrup in  
the short space of 48 hours. James Weston, of  
Preston, says, "I have never known any medicine  
and could obtain no relief until he tried Hastings'  
Naphtha, which stopped it in half an hour. To evi-  
dence all the cures performed by this medicine,  
would occupy a volume. The accompanying have  
been selected by the American Agent, from a mass  
of certificates and letters which have been received  
by him."

NEW YORK, Sept. 5, 1848.  
M. F. Hastings—Sir: I write to inform you of the effect our Syrup has had upon my wife. She has been afflicted with the worst form of Consumption for two years, and had been given up by two physicians, when I saw your advertisement of Dr. Hastings' Compound Syrup of Naphtha. Being favorably impressed with it, I engaged one but-  
tifully to furnish me with a bottle, and it was served in the use of it. When she commenced taking it, she was confined to her bed, but is now enabled to be up and attend to her household duties, and I feel confident that the use of a few more bottles will entirely cure her. I would also add that my brother's child had been ill with a bad enough from its earliest infancy, and was induced to try the effects of the Naphtha Syrup upon her. I did so, and the next day a bottle completely cured her. You are at liberty to use this letter at your discretion.

JOHN G. PERRY.

LOUISVILLE, KY., Nov. 8, 1848.  
M. A. F. HARRISON—Dear Sir: Please send me a bottle of Dr. Hastings' Compound Syrup of Naphtha, and I will make myself ready to pay you a great sum in return for it. Your dis-  
tress has improved its benefits, and thousands have witnessed its beneficial results. As far as I  
can learn it has cured or is fast curing every one  
who has taken it, and in several instances it has  
restored to health persons who have been given up  
by the medical faculty.

Very respectfully yours,  
JOHN BENEDICT.

Legislature, has kindly sent us the following certificate. It tells its own story.

Railway, Jan. 25, 1847.

A year since I was taken by the Influenza, and my whole system left in a derelict state.

I was influenced by Dr. Townsend's Sarsaparilla, and after taking the three bottles, I

was very much relieved, and attributed it entirely to the said Sarsaparilla.

I have continued to take it every day, and it has
